SECONDARY COLLEGE

2017

Fountain Gate Secondary College Pre CAL Information Booklet

Ms L Miller

Pre CAL Coordinator

Ms Goldberg (Developer)

INTRODUCTION

The Pre Certificate of Applied Learning (Pre CAL) Program for 2017 will now be offered at the Year 9 and 10 Level. The new program will be structured to support students to enter a VCAL or workforce pathway. Goal setting, career advice and planning will be a major focus of the new program. Digital skills for beginners to advanced users will be catered for. It is clear that the Digital Revolution is the future of any workplace environment and that students need to be technologically savvy. Therefore, both the Year 9 and 10 programs will be delivered as self-paced Digital Modules. The Modules offered will cover Digital Technology, Science, Art and Graphic Design, Retail and Business Strands.

Year 9 Program

The Year 9 students will complete a core curriculum that includes Literacy, Numeracy, Careers, and iTeachMe Modules. In addition to the core curriculum, students will select electives from the mainstream program, which are not part of the Pre CAL program. These may incur an extra cost. Year 9 Pre CAL students will attend the Narre Community Learning Centre (NCLC) every Friday. At NCLC, students will complete a range of competency units that will be beneficial to their future employment pathways or accredited to further TAFE training.

Year 10 Program

The Year 10 Pre CAL students will complete a core curriculum that includes Literacy, Numeracy, Careers, Physical Education and iTeachMe Modules. In addition to the core curriculum, students will select electives from the mainstream students' program at FGSC. Electives can incur an extra cost depending on which ones are selected. On Mondays students will attend the Narre Community Learning Centre (NCLC) to attain experience and qualifications that will be credited towards a VCAL or TAFE pathway. From Term 2, each student will be placed in a workplace setting to gain practical experience each Friday. Therefore, for Terms 2,3 and 4, students will attend FGSC three days per week on Tuesdays, Wednesdays and Thursdays.

To satisfactorily complete Year 9 or 10 Pre CAL, students must attain a minimum of 1050 points at Year 9 and/or 790 points at Year 10. Points are attained through the completion of Assessment Tasks from each Learning Area. One point is equivalent to one hour of work.

Feedback is continuous with live reporting via COMPASS. Semester reports will be provided and at the end of the year students will be given a Certificate of Completion for the Pre CAL Program as well as a printed report from the NCLC and written reports from employers.

COSTS

Year 9 Pre CAL program will be \$460.00 payable to the school.

Year 10 Pre CAL program will be \$350.00 payable to the school.

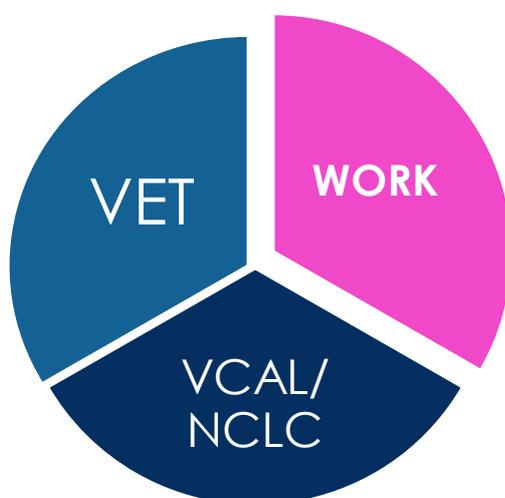

The school will fund a further \$1900 in support of the student as part of our commitment to cater for all students within our school community.

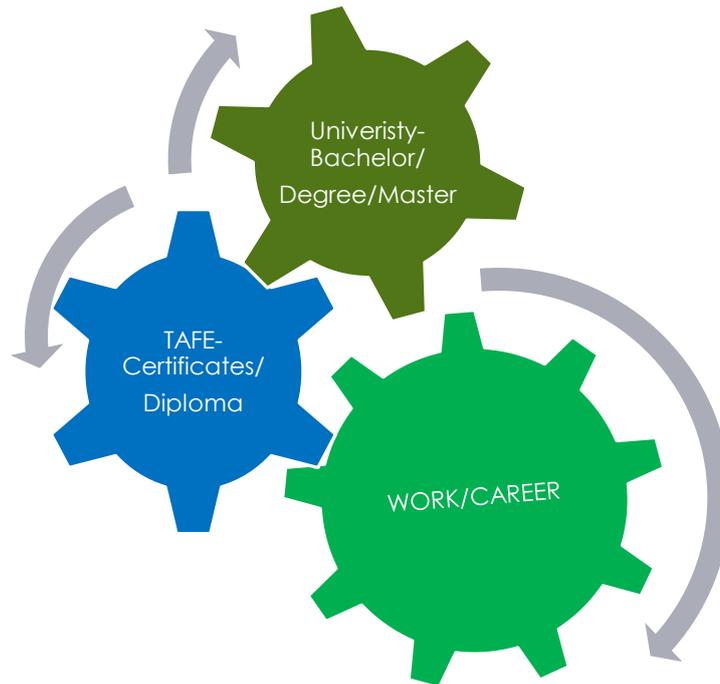

Additional costs:

- Public transport during excursions or camps.
- Student mainstream Electives
- Booklist

NEW PATHWAYS

In years 10, 11 and 12, programs such as Victorian Certificate of Applied Learning (VCAL), Berwick TEC, TAFE programs, NCLC or apprenticeships are often pathways students can choose to take in order to gain employment or go on to further education at a University. At Fountain Gate Secondary College, we have introduced the Pre CAL Program as a way of bridging the gap for students not wishing to pursue a VCE pathway. After completing the Year 9 and 10 Pre CAL Program students are able to select:

FUTURE JOBS

As educators we are constantly asked to predict future job growth and careers with the aim of developing a strong and viable curriculum program that supports this premise. We have analysed recent economic data sets to establish a sense of what skills and competencies students should have attained before entering the future workforce. The visual information provided below gives you an idea of workforce skills and jobs in the future.

Victorian Curriculum: eight learning areas; four capabilities

Learning Areas	English	Mathematics	Science	Health and physical education
	Technologies	The Arts	Humanities and social sciences	Languages
Capabilities	Critical and creative thinking	Intercultural understanding	Personal and social capability	Ethical understanding

The data below forecasts a decrease in Office Administrative and Manufacturing and Production jobs. An increase in the job sectors is indicated in blue.

Figure 6: Net employment outlook by job family, 2015–2020
Employees (thousands, all focus countries)

In the past 25 years there has been a decrease in Machine Operators, Technicians and Trades, with the largest decrease in Admin and Labourers. Significant growth in the labour forces has been in Community and Personal services and Professionals.

THE PROGRAM

SELECTION CRITERIA

Students are invited to apply for the Pre CAL Program at Fountain Gate Secondary College by completing the application form and attending an interview with their parents. Successful applicants will be recognised as meeting one or more of the following criteria:

- Applicants are self-driven and have a desire to do better at school and better themselves as a person.
- Applicants are ready to begin their learning journey and see teachers as partners in their quest.
- Applicants may have below level in English, Maths but show potential with good results in subjects they enjoy.
- Applicants desire a self-paced program using Technology as a platform for learning.
- Applicants intend on engaging in a VCAL or VET program, apprenticeship, TAFE program in 2018 and beyond.
- Participants are willing to demonstrate a willingness to learn and to be part of a team.
- Students will be required to assist each other to explore new technologies, learn, change and develop themselves in preparation for making choices about their path in life.

PROGRAM OUTCOMES

At the completion of the program each student will:

- * Develop life skills;
- * Build confidence in their abilities;
- * Have a clearer educational or workforce pathway;
- * Develop the ability to make appropriate choices;
- * Develop strategies to allow them to adapt to different life circumstances;
- * Develop a greater sense of self-worth;
- * Develop a sense of responsibility for themselves, and their immediate and wider community;
- * Develop a portfolio of digital skills.

PROGRAM FEATURES

The Pre CAL Program aims to provide students with a well-rounded curriculum that does not solely focus on content. Features of the Pre CAL Program include:

- * The fostering of student leadership and responsibility, self-reflection and accountability;
- * A curriculum jointly planned by the Year 9 and 10 Pre CAL team;
- * Differentiated teaching to meet varying learning needs;
- * Engagement with experts from the broader community;
- * The fostering of student decision-making;
- * Allocated classroom for all core strands/subjects;
- * Focus on building students' social and digital competence and confidence;
- * Teaching and reinforcement of interpersonal skills;
- * Responsiveness to research about adolescent needs;
- * The support of students to be active within the community;

ASSESSMENT

Students will complete a variety of assessments that will contribute to successful completion of the Pre CAL Program. All assessment and correspondence with teachers will be conducted through OneNote. Students will be required to provide evidence for the completion of each task.

Assessment may take the form of:

- * Attendance
- * Journal writing and reflective pieces of work
- * Folios
- * Practical work
- * Classroom work
- * Assignments
- * Module completion- iTeachMe

NCLC have their own assessment for the students. This assessment includes:

- * Attendance Year 9 (Friday) and Year 10 (Monday)
- * Competency based assessment
- * Assignments and Certificates

Each core Learning Area within the program will include the following:

- * Consultation; feedback; ongoing assessment
- * Student initiated learning;
- * Experiential learning;
- * Risk taking;
- * Individual work;
- * Group work;
- * Community education;
- * Goal setting;
- * Development of personal values;
- * Real world experiences

Excursions & Extra-Curricular Activities

The Pre CAL Program offers a number of opportunities for students to participate in a number of excursions and incursions. These excursions build on the content taught in class as well as encouraging students to work as a team and outside their comfort zone. These activities may include:

- * Industry visits
- * Career expos
- * TAFE and University visits
- * Hallam Senior College visits
- * Incursions
- * Year 9 City Experience
- * End of year Graduation

Key Learning Areas/Strands/Subjects

Year 9 and 10 Pre CAL – Complete a total of 1050 points in year 9 and /or 790 points in Year 10

Learning Area						
English – 280points Year 9 and 10 All Year	TBA					
Numeracy-280points Year 9 and 10 All Year Numeracy for life	Covering the basics of what you need to know	Applying the basics to home and work life. Let's go shopping!		How to select a good mobile phone plan, renting a house, saving for a house and how interest works.	Apprenticeship mathematic Year 10 Option only
